Four centuries later, Americans are still building Cities Upon a Hill. In Cities on a Hill Pulitzer Prize-winner Frances FitzGerald explores this often eccentric, sometimes prophetic inclination in America. With characteristic wit and insight she examines four radically different communities -- a fundamentalist church, a guru-inspired commune, a Sunbelt retirement city, and a gay activist community -- all embodying this visionary drive to shake the past and build anew.

The first three cities are specifically said to be on mountains. On the east of Jordan, Ramoth was on Mount Gilead, Golan on the Golan Heights east of the Sea of Galilee, and Bezer apparently on the high tablelands east of the Dead Sea. Thus, all could be seen from a great distance, even at night, by its watch fires.

For many Americans, cities have become a beacon of hope. They are widely recognized as engines of the U.S. economy and laboratories of policy innovation and democratic deepening. Indeed, many view the can-do, eye-level politics of our city halls as an antidote to legislative paralysis in Washington, D.C., and the culture of top-down, self-serving, and polarizing party politics inside the Beltway.
